

Introduction

The United States is a country located in North America, bordering the Atlantic Ocean and Pacific Ocean. Neighboring countries are Canada and Mexico. The geography of the United States is varied, with mountains in the west, a broad central plain, and low mountains in the east. The government system is a constitution-based federal republic with a strong democratic tradition; the president is the chief of state and head of government. The United States has an advanced mixed economy in which there is a variety of private freedom combined with centralized economic planning and government regulation. United States is a member of the Asia-Pacific Economic Cooperation (APEC) and the North American Free Trade Agreement (NAFTA).

Risk Assessment (Provided by Coface)

Country rating: A2 - The political and economic situation is good. A basically stable and efficient business environment nonetheless leaves room for improvement. Corporate default probability is low on average.

Business Climate rating: A1 - The business environment is very good. Corporate financial information is available and reliable. Debt collection is efficient. Institutional quality is very good. Intercompany transactions run smoothly in environments rated A1.

Strengths

- Flexible labor market
- Full employment is one of the Federal Reserve's objectives
- The dollar's predominant role in the global economy
- 70% of public debt held by residents
- Strong attractiveness: leader in research & innovation, huge market, two ocean fronts, and privileged tourist destination
- Favorable corporate taxation
- Leading producer of oil & gas, agricultural power, and significant mineral resources

Weaknesses

- Low labor market participation
- High household debt
- Polarized political landscape
- Decrease in fertility rate
- Outdated infrastructure
- Growing income and wealth inequalities overlapping with territorial and racial inequalities
- Trade conflict and technological competition with China
